

Summer Camps

Beginning in 2005, in order to encourage sponsored students to have a more positive attitude and work harder in their studies, Chi Heng has organized summer camps for junior and high school students from impoverished villages, bringing them to big cities like Beijing, Shanghai, Hangzhou, and Guangzhou to witness life there, with tours of well-known universities and major enterprises, and letting them participate in arts programs, so as to broaden their horizons and show them the wonders of the wider world beyond where they have grown up. These activities nurture in them a desire to study hard and pursue their dreams.

2021 was the 17th year Chi Heng had put on these summer camps. As a signature Chi Heng program, over 200 such summer camps have been organized over the years, benefitting over 5,000 underprivileged children.

Through summer camp activities, student participants get to experience the warmth, care, and love showered on them by staff, volunteers, and other members of society. It broadens their horizons and inspires them to dream beyond their realities at home, thus encouraging them to overcome difficulties in life, work hard at school, alter their destinies, and strive to have a better life.

夏令營活動

為鼓勵受助學生更積極地面對生活、努力學習，自2005年起，智行基金會每年組織受助中小學生帶領他們遊覽北京、上海、杭州、廣州等大城市，從鄉村走入城市，參與知名大學、企業、教育場館，體驗藝術項目，開闊視野，讓孩子們親身體驗世界的廣闊和美好，培育積極的學習和生活心態。

2021年為智行基金會連續第17年舉辦夏令營活動。作為智行的品牌項目，經歷多年發展的夏令營已累計舉辦200多場次，超過5000餘名困境兒童受益。

通過夏令營活動，讓參與的營員感受到溫暖和關愛——智行員工、志願者和社會各方面的關懷和鼓勵，開闊視野、啟發他們擁有超越現實的夢想，藉此激發他們積極面對生活中的困難、努力學習、改變命運、創造新人生。

Interaction with Prominent Enterprises

Compassionate enterprises provide and arrange for numerous types of real-life experiences for the children, including touring their factories and offices, observing the production process, learning about various high technologies, and Q&A with enterprise staff members. Through these experiences, the children get a real sense of what types of work are out there available to them in the future. It plants a seed in them that will germinate -- knowing that they can choose a kind of work that they will love in the future, they are motivated to study hard and to chase their dreams.

名企互動

愛心企業提供支持並安排孩子們的體驗活動，內容多種多樣，包含參觀廠域或辦公區域，體驗生產過程，觀摩各種高科技及與企業員工現場問答等等。通過與企業的互動和交流，讓孩子們對於未來工作景象有具象展望，在他們的心裏種下一顆美好的種子，鼓勵他們努力讀書學習，未來可以選擇自己熱愛的行業和工作。

Art Therap

Beginning in 2007, Chi Heng has been providing art therapy sessions to sponsored students, conducted by well-known children's art educators and other volunteers in the arts. Through drawing, music, and dance, children are guided to express themselves, especially with respect to any unpleasant thoughts and experiences deep in their psyche and allowed to let off steam. It helps them reduce the stress and anxiety in them and makes them strong and resilient, enhancing their fortitude to face up to the challenges in life.

Visits to Universities

In conjunction with universities and volunteer groups in institutions of higher learning, Chi Heng tours the children in various campuses and arranges for them to meet and interact with students from esteemed universities. This allows them to experience university life firsthand and motivates them to pursue higher learning, so that they can see for themselves that knowledge can alter one's destiny.
